

Intensive Assimilation Satsang

The Intensive Assimilation Satsang is designed for Intensive participants to gain the greatest benefit from their participation in the Siddha Yoga Shaktipat Intensive.

What you experience and learn in the sacred environment of the Shaktipat Intensive is of great significance to your sadhana. Every element of the Shaktipat Intensive is carefully designed to contribute to your learning. In this Intensive Assimilation Satsang, you will reflect on what you experienced and learned in the Intensive, and discover ways to apply this in your life.

This satsang is being held at Siddha Yoga ashrams, meditation centers, and participating chanting and meditation groups around the world.
